Battery Warranty.

All rechargeable batteries have a limited lifespan and may eventually need to be serviced or recycled. The product battery's lifespan will vary depending on how the device is used as well as the setting of the system.

The battery is designed to retain up to 80 per cent of its original capacity at 500 complete charge cycles. CiilOCK's sole obligation under this warranty is the replacement of any battery which is defective within 24 months from its purchase date.
